- Susan C. Edwards  
Director of Development
- Georgienne Harris  
Director of Quality Assurance

To whom it may concern:

Due to expansion our agency, Adults and Children with Learning and Developmental Disabilities, Inc. (ACL D), a not-for-profit provider of services to the mentally handicapped, needed to secure additional office space. Ross Selinger played a vital role in ensuring that ACL D found a space that best met the environmental and fiscal needs of our organization.

Mr. Selinger quickly gained an understanding of our unique space requirements. He assisted ACL D in concretizing our space criteria. The best interests of the organization were always the priority as we reviewed all available commercial properties. Mr. Selinger always made himself available during the search and negotiation process even though our need for space was rather modest. He even returned calls while out of town. His experience and knowledge of commercial property leases proved invaluable during the negotiation phase.

In short, we are very pleased with our new satellite space housing ACL D's Career and Community Services Center. We are equally pleased with the efforts of Mr. Selinger and would highly recommend his services as a tenant representative.

Sincerely,

Scott Bradshaw  
Capital Developer
